

Welcome to the December PG Woodturners Guild meeting.

Well not much to report this month as this is the last meeting before Christmas we had a wine and cheese night. (No we didn't drink and turn)

This month we had the meeting at Ron's house

The library is really starting to build, so all of the guild's tapes, DVD's and magazines were on display. Anyone can sign these out for use at anytime.

The guild has been invited to CNC this summer for a Beetle Kill Wood demonstration. So members should get some pieces together for this showing, also we are hoping to drag a lathe over there.

Thanks to the new people showing up. Colin brought a new face this week (sorry I didn't get his name).

Next months project will be a Pepper Mill.

Well that's about it for this month. I would like to wish all of the members and families a Very Merry Christmas and a Happy and Prosperous New Year. Please remember if you need anything added or have something for sale, please let me know.

Regards Lin.
